

TCA 38-1-101. Reports to law enforcement officials of certain types of injuries -- Immunity for reporting -- Exception.

(a) All hospitals, clinics, sanitariums, doctors, physicians, surgeons, nurses, pharmacists, undertakers, embalmers, or other persons called upon to tender aid to persons suffering from any wound or other injury inflicted by means of a knife, pistol, gun, or other deadly weapon, or by other means of violence, or suffering from the effects of poison, or suffocation, or where a wound or injury is reasonably believed to have resulted from exposure to a methamphetamine laboratory or a methamphetamine related fire, explosion, or chemical release, or appears to be suffering from or to have been the victim of female genital mutilation in violation of § 39-13-110, shall report the same immediately to the chief of police, if the injured person is in or brought into or the injury occurred in an incorporated town or city, or to the sheriff if the injured person is in or brought into or the injury occurred in the county outside the corporate limits of any incorporated town or city, and shall also, in either event, report the same immediately to the district attorney general or a member of the district attorney general's staff of the judicial district in which the injured person is, or has been brought into, or the injury occurred. Such report shall state the name, residence, and employer of such person, if known, such person's whereabouts at the time the report is made, the place the injury occurred, and the character and extent of such injuries.

(b) Injuries to minors that are required to be reported by § 37-1-403 are not required to be reported under this section.

(c) (1) Where a person acts in good faith in making a report under subsection (a), that person shall be immune from any civil liability and shall have an affirmative defense to any criminal liability arising from that protected activity.

(2) There exists a rebuttable presumption that a person making a report under subsection (a) is doing so in good faith.

(d) For purposes of this part, "person" means any individual, firm, partnership, co-partnership, association, corporation, governmental subdivision or agency, or other organization or other legal entity, or any agent, servant, or combination of persons thereof.

(e) (1) The reporting provisions in subsection (a) do not apply if the person seeking or receiving treatment:

(A) Is 18 years of age or older;

(B) Objects to the release of any identifying information to law enforcement officials; and

(C) Is a victim of a sexual assault offense or domestic abuse as defined in § 36-3-601.

(2) This exception shall not apply and the injuries shall be reported as provided in subsection (a) if the injuries incurred by the sexual assault or domestic abuse victim are considered by the treating healthcare professional to be life threatening, or the victim is being treated for injuries inflicted by strangulation, a knife, pistol, gun, or other deadly weapon.

(3) A hospital, healthcare provider or other person who is required to report under subsection (a) shall be immune from civil liability for not reporting if in good faith the hospital, healthcare provider or other person does not report the injury in order to comply with this subsection (e).

(4) If a person injured as provided in subsection (a) is first treated by an EMT, EMT-P, emergency medical or rescue worker, firefighter or other first responder, it shall not be the duty of the first responder to determine if the patient comes within the provisions of subdivision (e)(1). If the first responder transports the patient to a healthcare facility, the first responder's duty is to notify the treating physician or emergency room staff at the facility of the suspected cause of the patient's injury. If the patient is not transported to a healthcare facility, the first responder shall report the result of the call to the 911 center.
