

Call for Proposals - Rape Prevention Education Institute 2023

April 3rd-4th Franklin, TN

About the Institute

Our Institute reflects a commitment to the prevention of domestic and sexual violence and the creation of a culture of consent. This conference is for victim service providers, law enforcement, military personnel, faith community leaders, collegiate staff and advocates, community members, and health educators who are interested in working toward prevention in their communities.

Workshop Presentations

This year we are asking that all workshops have a particular emphasis on the various intersections of prevention work. There will be a preference for proposals that engage participants through a workshop style versus lecture style presentations. Workshop proposals should be prevention centered, trauma informed, and include culturally competent approaches. We accept proposals that cover a wide variety of issues regarding prevention of violence, but proposals which address the following topics are encouraged:

- Sexual Assault and the LGBTQ/Trans Community
- Racial Equity, Inclusivity & Diversity
- Bystander Intervention
- Strategies for Engaging Men as Allies
- Strangulation
- Prevention of Teen Dating Violence
- Child Sexual Abuse
- Human Trafficking
- Religious Identity & Prevention
- The Intersection of SA Prevention and Other Health Issues
- Preventing Violence on Campus & Title IX
- Identifying and Addressing Gaps in Services
- Prevention Techniques for Rural, High Risk, and Minority Communities
- Reproductive Coercion
- Sexual Assault Crime & Investigation
- Community Mobilization

Guidelines

1. Proposed Keynote workshops should fit into a 75 (60 minutes of instruction and 15 minutes of Q&A) minute time-frame.

Proposed General workshops should fit into a 60 (45 minutes of instruction and 15 minutes of Q&A) minute time-frame.

This should include time for introductions and evaluations. Workshops should align with the theme of creativity and emerging trends.

2. We estimate 30-50 participants per workshop.
3. We expect workshops to be focused around skill building and audience engagement, with minimal reliance on lecture style format.
4. Workshops should include at least 3 practical take aways for attendees.
5. TN Coalition reserves the right to edit titles and workshop descriptions for content and space.

Please note the TN Coalition will be following local CDC guidelines regarding COVID 19.

Title of Presentation: _____

Target Audience (Choose All the Apply)

- | | | |
