tennessee
coalition
to end domestic & sexual violence

MISSION

The mission of the Coalition is to end domestic and sexual violence in the lives of Tennesseans and to change societal attitudes and institutions that promote and condone violence, through public policy advocacy, education and activities that increase the capacity of programs and communities to address such violence.

CORE VALUES

Respect

The Coalition and its membership uphold the dignity of every individual and foster a welcoming environment for all. We are committed to fostering a culture of respect and fairness, ensuring that our work reflects the communities we serve across the state.

Safety

We oppose the use of violence in all forms. Each person has the right to engage in equal relationships without fear of violence.

Integrity

Each individual is unique and inherently worthwhile. We are building a coalition of confident, creative members, each one striving for the highest degree of compassion and ethical behavior.

Empowerment

We operate on principles that ensure that individuals speak in their own voices. We provide opportunities for personal, professional and program growth.

Continuous Improvement

We will be dynamic, creative, innovative and visionary leaders through continuous reflection, commitment to quality and growth. We will model these values and in so doing, serve as role models for others.

INTRODUCTION

High-quality professional development opportunities are essential for employees to be successful in any position. The Tennessee Coalition to End Domestic & Sexual Violence (TN Coalition) strives to provide high-quality training opportunities which support its member programs and allied agency staff as efficiently and effectively as possible. It is our top priority to give our member DV/SA organizations across the state the tools and resources they need to deliver inclusive, holistic, and trauma-informed services to survivors.

This Training Catalog is designed to outline all training offerings available for TN Coalition member programs, allied agencies, and the general public. The various sections of this catalog provide in depth details about ongoing training opportunities as well as a list of topics that may be specially requested by members.

The state of Tennessee does not mandate trainings for advocates at domestic or sexual violence organizations; Additionally, individual organizations each determine their own required training programs for employees; however, the TN Coalition strongly recommends all advocates take advantage of the foundational-level trainings we offer which include, but are not limited to, the ABC's of Advocacy e-learning course and the Senator Tommy Burks Victim Assistance Academy (in-person or virtual). See pages 6 and 7 for more details.

TRAINING CERTIFICATIONS

Certificates of completion are issued for all Tennessee Coalition trainings. Some trainings are eligible for professional certifications or continuing education units, such as those listed below.

- **TN-NASW Social Worker CEUs**

- The TN Coalition seeks National Association of Social Workers, Tennessee Chapter (TN-NASW) approval on several of our trainings each year, including the Senator Tommy Burks Victim Assistance Academy and the Annual Conference. Social workers seeking CEUs may email training@tncoalition.org with questions regarding approval status or hours available for individual trainings.

- **TN P.O.S.T. Units**

- The Tennessee Peace Officers Standards and Training (P.O.S.T.) Commission is responsible for developing and enforcing standards and training for all local police officers. TN Coalition P.O.S.T. approved trainings are open to other professionals as well, but police officers who attend may count said trainings towards their P.O.S.T. required 40 hours of in-service training annually. Visit: <https://www.tn.gov/commerce/post.html> for additional details.

- **NACP Provisional Level Advocate Certification**

- The National Advocate Credentialing Program (NACP) recognizes the TN Coalition Senator Tommy Burks Victim Assistance Academy (see pages 6 and 8) as an approved 40-hour training program for Provisional Level Advocate certification. No field experience is required; NACP requires an application with application fee to be submitted with proof of completing the 40-hour program. Visit <https://www.thenacp.org/first-time-applicant/> for additional details.

ON-DEMAND VIRTUAL TRAININGS

These on-demand virtual courses are accessible at tncoalition.coalitionmanager.org under the **eLearnings** tab.

ABC's of Advocacy

ABC's of Advocacy is an eight-part course which focuses on the foundational concepts of domestic and sexual violence advocacy. Lessons include:

- The History of Domestic Violence & Sexual Assault
- Dynamics of Domestic Violence
- The Role of the Advocate
- Safety Planning
- Crisis Counseling
- Working with Underserved Populations
- Coordinated Community Response
- Legal Advocacy

The ABC's of Advocacy course is recommended for all new advocates and also serves as a great refresher for anyone already working in the field. It is free to organizational members and available for a fee to individual members and non-members.

Senator Tommy Burks Victim Assistance Academy (Virtual)

The Senator Tommy Burks Victim Assistance Academy is a comprehensive basic level training designed for victim service providers. It is open to members and non-members. The goal of the Academy is to improve services to crime victims by enhancing the knowledge and skills of victim advocates (best-suited for those with 5 years or less of experience). This on-demand 40 hour virtual Tennessee-specific training is modeled after the National Victim Assistance Academy with topics including History of the Movement, Cultural Humility, Crisis Intervention, Building Collaboration, and much more. See the following page for information on the in-person version of this training.

Bystander Intervention

The Bystander Intervention training explores pivotal concepts and definitions around bystander intervention. It takes viewers into scenarios to practice safe intervention and discuss the motivation behind sexual violence. This training covers consent, the bystander effect, and the prevalence of sexual violence on college campuses. Learn what keeps people from intervening, how to combat sexual violence, and how to intervene effectively.

Learning Financial Fundamentals

This 3-part course is for anyone who wants to know more about money, including the basics of budgeting and savings, to understanding credit, to more complex information about investments and building for your future.

Intimate Partner Violence and the Workplace

The Intimate Partner Violence (IPV) and Workplace course is designed to help workplaces create safer spaces by increasing awareness of IPV and providing strategies for prevention and response. The course is split into two parts, “Part I: Building Safer Spaces” and “Part II: Policy and Leadership for Safer Spaces.”

IN-PERSON TRAINING EVENTS

Senator Tommy Burks Victim Assistance Academy (In-person)

NACP Pre-approved for Provisional Level Advocate Certification; P.O.S.T. Certified as needed

The in-person Senator Tommy Burks Victim Assistance Academy (Academy) is the only 40-hour basic level victim advocacy training in Tennessee. Once a year, the Academy brings professionals together from a multitude of Tennessee agencies to learn about the various forms of victimization, build collaboration, and strengthen the field of victim advocacy. Based on the National Victim Assistance Academy Training, the Academy provides comprehensive, standardized and Tennessee-specific training for professionals from across Tennessee who work in domestic violence shelters, rape crisis centers, courts, law enforcement agencies, probation offices, emergency response teams, child advocacy centers, and other victim advocacy agencies. The Academy gives professionals new to the field (ideally 5 years or less of experience) the opportunity to learn from experts in victim services as well as from each other. The 2026 in-person Victim Assistance Academy will take place at the University of Tennessee at Chattanooga, May 31st – June 5th (Sunday evening - Friday afternoon). The application to be considered for attendance as well as additional details can be found at [tncoalition.org](https://tncoalition.org/attending-the-academy/). Applications are accepted December-March every year leading up to the Academy and can be accessed through the TN Coalition website at <https://tncoalition.org/attending-the-academy/>.

Prevention Symposium

The Prevention Symposium brings together professionals from across the state to learn, collaborate, and innovate on key topics essential to ending violence. This annual event features guest speakers, training on best practices and policies, networking opportunities, and a review of our State Action Plan and the latest data resources. It’s a day of growth, inspiration, and collective problem-solving, all focused on building safe, thriving communities through shared efforts. The 2026 Prevention Symposium dates will be released in early spring 2026. Email the TN Coalition Director of Programs, Samantha Kaloi, at skaloi@tncoalition.org with questions.

Tennessee Coalition Annual Conference

Pending NASW CEUs and P.O.S.T. Certification

The Tennessee Coalition's Annual Conference reflects a commitment to ending domestic and sexual violence in Tennessee through education, prevention, policy development, and victim services. This 2-day in-person conference is designed for victim service providers, law enforcement, court personnel, batterers' intervention programs, social workers, health care providers, students, and university faculty. The 2026 Annual Conference is set to take place in late summer/early fall 2026 in Nashville, TN. Exact dates and additional details will be released in early 2026. Check tncoalition.org for more details or email the TN Coalition Director of Training & Capacity Building, Megan Batista, at mbatista@tncoalition.org.

LIVE WEDNESDAY WEBINARS IN 2026

Periodically, the TN Coalition hosts a live one-hour webinar on various special victim services topics. Wednesday webinars are always free for member programs. TRAINING TOPICS AVAILABLE BY REQUEST

TN Coalition trainers provide educational programming on a variety of topics including but not limited to the alphabetized list below. In an effort to best serve our member collective, we offer these specialized trainings free for TN Coalition member programs only. We are happy to tailor trainings according to experience level and other specific group needs. To request a specific training for your program member organization, please email training@tncoalition.org.

Non-program level members or non-members may email training@tncoalition.org to request pricing and availability for a special training need. Where pricing and availability is a barrier, the TN Coalition training team will make every effort to refer you to other training options.

Alcohol and Drugs: Intersecting with Interpersonal Violence and Sexual Assault

This training discusses the propensity for survivors to use drugs and alcohol as a coping method while experiencing intimate partner violence and sexual assault. It explores the ways abusers weaponize a survivor's drug use, as well as the barriers to service that a survivor may face.

Alcohol and Drug Facilitated Sexual Assault

Attendees of this training will be able to identify the weapons and tactics of perpetrators of alcohol and drug-facilitated sexual assault, as well as the concerns and issues that may arise for a survivor of this particular crime. Attendees will put their new knowledge into practice with an activity on crafting supportive responses. This training is suitable for all first responders, but is especially tailored for law enforcement officers and victim advocates.

P.O.S.T. Certified

Intersection of Alcohol, Drug Use, and Mental Illness

This training is a deep-dive into the cycle of alcohol, drug-use, and mental illness for a survivor of domestic or sexual violence. It explores the precipitating mental health issues or exacerbating preexisting mental health illnesses that may arise for a survivor.

Collaboration

This training covers the importance of, search for, and difficulties with collaborating with the necessary community allied professionals in order to provide and facilitate holistic comprehensive services to survivors.

Substance Use Disorder 101 for DV/SA Professionals

This training empowers professionals working with survivors of domestic and sexual violence to better understand the complex link between trauma and substance use. Learn practical, trauma-informed strategies to foster safety, trust, and lasting connection to services.

Substance Use Disorder 102 for DV/SA Professionals

This training provides domestic and sexual violence professionals with a foundational understanding of substance use, addiction, and recovery. Participants will explore how trauma, coping mechanisms, and the dynamics of abuse intersect with substance use, as well as how stigma and system barriers impact survivors seeking help. The session introduces common substances, signs and symptoms of use, and evidence-based approaches for support and referral. Emphasis is placed on trauma-informed, nonjudgmental engagement strategies that promote safety, empowerment, and healing for survivors who use substances.

Domestic Violence, Sexual Assault, and Substance Use: Lowering Barriers and Responding with Care

This training provides participants with a foundational understanding of the complex intersections between trauma, substance use, and experiences of domestic and sexual violence. Through a trauma-informed lens, participants will explore how substance use may serve as a survival strategy in response to trauma, and how trauma affects brain development, behavior, and decision-making. Participants will gain practical knowledge to identify and reduce barriers that survivors face when seeking support—whether those barriers are systemic, cultural, or rooted in stigma. The training highlights the importance of trauma-informed care and harm reduction strategies as tools for fostering safety, trust, and meaningful engagement. By the end of the training, participants will be better prepared to recognize the root causes that contribute to substance use and trauma, apply trauma-informed principles in practice, and support survivors in identifying healthy coping strategies and self-care approaches that promote healing.

Crisis Intervention and De-Escalation

This training covers the initial steps that are most often taken when first disclosures are made, often when the survivor is still in the initial stages of trauma response. It offers de-escalation practices for engaging with persons who are expressing agitation or anger specifically in shelter settings.

Domestic Violence 101

Attendees will understand the basic dynamics of domestic violence, the cycle of violence, the power and control, and equality wheels. Answering questions such as “why don’t they just leave” and the need for full community collaboration to increase safety for survivors and holding perpetrators accountable (and what that can look like).

Elder Sexual Abuse

Attendees will gain information on issues specific to elders when a sexual assault is suspected or has been disclosed. Includes special considerations for serving vulnerable adults.

Grant Writing and Grant Management

Grant writing and grant management are essential practices for most domestic and sexual violence programs. This training provides helpful tips for crafting grant proposals that will stand out and set your program up for success. You will also gain practical instruction on managing grants, including timeline management, grant compliance, data collection, and effective reporting.

Intersection of Domestic & Sexual Violence

Attendees will receive a comprehensive understanding of the intersections of domestic and sexual violence. Topics covered will include root causes, shared risk and protective factors, shared targeted programming, and prevention strategies.

Intersection of Mental Health & Domestic Violence

This training aims to strengthen the learner's understanding of the intersectionality of mental health and domestic violence, including how abusers exploit survivors' mental health and how mental illness can impact survivors receiving services. Attendees will be able to identify common symptoms and myths related to mental illness and understand the advocate's role and limitations while supporting and empowering survivors with mental illness. Attendees will be given practical tools and resources to strengthen advocacy efforts with a trauma-informed, empathetic, and knowledgeable approach.

Personnel Issues/Organizational Management & Leadership Development

Effective leadership is a core component for nonprofits to achieve their mission, and a mission cannot be sustained without developing new empowered leaders. This training addresses the key tenants of organizational management and leadership development through the lens of a domestic or sexual violence agency.

Role of the Advocate

This training is designed for advocates with three or fewer years of working directly with survivors. It covers a variety of subjects such as the advocate's basic role and responsibilities, trauma informed care, best practices for crisis calls, and more. Attendees are also given a number of scenarios to put their new knowledge into practice.

Your SART 101

This training offers the framework for establishing a Sexual Assault Response Team (SART), what true community-based systems change looks like, and how - with that collaboration - you can build and sustain an effective SART.

Serving Refugee and Immigrant Survivors

This training explores special considerations for effectively serving refugee and immigrant survivors. Build your skills for working across cultures with agility and gain resources for developing partnerships with refugee and immigrant populations in your communities.

Sexual Violence 101

The Sexual Violence 101 training is an introduction to sexual violence, including legal definitions, different types of SA offenses, prevalence in society, and societal myths that may influence our own biases as we respond to victims. Participants will explore the impact of sexual assault on survivors, including their reactions and long-term effects. Finally, participants will be given tools and resources for supporting survivors in the immediate aftermath and in long-term healing.

Stalking

This session examines the crime of stalking within domestic/sexual violence. It includes information on stalking behavior, the impact on victims, evaluating level of danger, safety planning and additional important context for advocates working with stalking victims.

Stalking Law Enforcement Edition

This training examines the crime of stalking within domestic/sexual violence. It focuses on information most pertinent to law enforcement officers, including identifying stalking behavior, level of danger, and best practices in response.

P.O.S.T. Certified

Trauma and Trauma-informed Care

Participants will learn the basics of trauma, trauma effects on the brain, and how a trauma-informed approach deeply impacts a survivor's experience.

Trauma and Secondary Trauma

Understanding Trauma, survivor trauma response and dynamics of secondary trauma and how lack of dealing with secondary trauma can adversely affect first responders, advocates, and survivors.

P.O.S.T. Certified

Trauma-informed Supervision

As victim-service providers, one of our top priorities is to understand and implement trauma-informed practices with the victims/survivors we serve. Just as important as our interactions with clients, is our interactions with our staff. Trauma-informed supervision practices boost employee morale, mitigate turnover, and improve employees' performance. This training explores how to prioritize and implement trauma-informed supervision in your DV/SA organization.

The Impact of Trauma on Children

This training explains trauma's harmful impact on children's neurodevelopment and functioning. With a foundational understanding of trauma impact, attendees then explore the trauma-informed practices that nurture healthy brain development, healthy relationships, and effective coping skills for children and young adults who have experience trauma.

Trauma-informed Activities for Children in Shelter

This training offers a comprehensive understanding of the importance of building resilience and connection in children residing in domestic violence shelters. You will acquire practical tools and resources to effectively engage children and support their healing journey while fostering a nurturing relationship with their survivor parent.

TN Standards of Service and Their Implementation

Attendees will gain a foundational-level understanding of TN standards of service for victim service providers. Research-based guidelines are offered to promote consistency across services, high ethical standards, and the highest quality programming for survivors of violence in Tennessee.

Violence Prevention

This training fully defines prevention work, including all levels of intervention from individual to societal, and discusses the importance of moving upstream to work towards the overall goal of ending violence across the state. Additionally, the intersectionality of violence is explored to highlight the importance of anti-racism work and other social justice initiatives in fully addressing violence prevention. Examples of current violence prevention initiatives are given, including specific success stories and ideas for how to incorporate prevention programming into existing organizational efforts.
